   Josh Flynn announced changes to the Texas Open Meetings Act provisions governing public comment.

   Crystal Bessix addressed the board, thanking the board members on behalf of EdOp Solutions, for which she is President. She stated that EdOp has been a vendor with HCDE for the past 6 years and she is excited to continue her journey with the HCDE programs in the upcoming contract year.

   Ruei Tuo addressed the board regarding agenda items 7.A. and 7.C. She stated that reducing the tax rate would only save approximately $48.00 per year and that money could come in handy for the students who are in need of the services. She further stated that she would appreciate if policies were published first so that the public would have a chance to look at them before they are voted on.

   Johnathan Miller addressed the board regarding the tax rate. He requested that the board act ethically and urged the Board to keep the tax rate at the current rate. He stated that Board President Josh Flynn wants a 100% reduction of the tax rate, is orchestrating a coup to destroy the Board, and is working to eliminate important programs to Harris County and privatize those programs. He urged the county attorney to investigate the board for unethical behavior.

   Joy Davis addressed the board regarding ethical practices within the board. She read the Board Members’ Code of Ethics and stated that if someone was
actively working against HCDE, that person should not be in this position. She stated that the decrease in the tax rate works against HCDE. She stated that the elected officials on the board needed to be voted out.

Amari Mercado addressed the board regarding lowering the tax rate. He requested that the board not lower the rate and he was happy to pay the $1.00 per month that he was paying to fund HCDE’s programs. He stated that there should be transparency and the public needed to be aware of what was going on, specifically regarding agenda item 7.C.

Andrea Duhon addressed the board regarding the tax rate. She stated that HCDE requires the board to have certain qualifications to serve on the board, including the requirement that individuals must be in sympathy with the free, public schools. She referenced a questionnaire completed by Mr. Flynn, stating that Mr. Flynn’s answers to the questionnaire proves unequivocally that Mr. Flynn does not support public free schools. She stated that Mr. Flynn wants to lower the tax rate to $0, and if that happens, the 1,000 HCDE employees would lose their jobs. She stated that it would hurt people by lowering the tax rates and that the board needed to support the tax rate and the public education system.

Debra Kerner addressed the board, stating that she is a former HCDE board member. She stated that the proposed tax rate was about $5.00 per year at a home valued at $100,000, which is the cost of about two cups of coffee. She stated that the children in this county are worth at least that much and HCDE provides many needed services and programs. She stated that these are needed to provide a quality public education and an educated workforce. She stated that the Texas Constitution requires the provision of a quality public education. She referenced that when she served on the HCDE board, a bipartisan group of board members, the superintendent, and ISDs testified in favor of HCDE before the House Public Education Committee. She stated that the ISDs want the services provided by HCDE and we need to continue to provide them. She stated that we need to be fiscally responsible and set the tax rate at a rate to fund the valuable services HCDE provides.

David Brown addressed the board regarding lowering the tax rate. He stated that he was a first generation high school and college graduate and was proud of HCDE and all the good that it does for the lower-served communities. He requested that the board keep the tax rate where it is and continue to do what’s right.

Andre Wagner addressed the board, stating that a lot of people in Harris County depend on HCDE to be able to fund the education system. He stated that the
Republican-controlled Texas Supreme Court has said that public education is not effectively funded. He further stated that although the Texas legislature put money into public education, we are still grossly negligent on our funding. He stated that there are a lot of resources that we could be pouring into the smaller school districts. He requested that the board keep the tax rate at its current level now because there is so much more that could be done in the school districts.
